

Hands Off My Ice Cream

2 – 4 Players

20 – 30 min

Ages 9+

A Family Game

Sundae City has one more permit to deliver sweet treats, and it could be you! Prove to them you got what it takes to freeze out the opposition by guessing what the customers want before they buy! Split through the competition and become the King or Queen of the cream!

How it works: Players compete to get all four toppings onto their truck counter while also trying to guess the entire customer order for the win. There are three of each type of card (cup/cone, 1/2/3 scoops, 4 toppings, 5 flavors). Players take turns trying to guess the customers' order. If they are correct, they gain income or can steal/trade for toppings. Players can make their guesses easier by purchasing gumballs which increases the probability of a correct order guess. The more gumballs you buy, the less income you get so you must use simple strategy and your memory to beat out your opponents!

Components:

1 First Player token
4 Customer Orders Boards
4 Menu Shields
5 Truck Area Mats
16 Topping Tokens
30 Coins (4 nickels, 26 pennies)
42 Mini Customer Order cards (3 of each card)
20 Mini Action cards
40 Gumballs (3 green, 3 yellow, 2 blue, 1 orange, 1 cherry - per player)

Features:

Good player interaction	Family Game
Simple Deduction / Strategy	Low Language Dependency
Plays great with 2-4	High replayability
Luck and strategy balance	Quick turns
